FAIR UPDATES

1. Walkways in the barns. We continue to concrete more walkways. Most currently completed is the north side of the tin barn. Completely concreted. Hope you like it!
2. The H-Barn turns 100 next year! The restoration project on the H-Barn is an ongoing project. We continue to raise funds to complete the full restoration of the H-Barn.
3. Small Animal Barn. We have determined that the best option for the small animals is a NEW BARN! This will require some serious fund raising. We will be looking for creative suggestions from you and as much support as you can give.
