3. *(If you entered/spelled something incorrectly on the previous screen, you have the option to Delete this Exhibitor on this screen.)* Enter the information on the Contact Info screen—the only required field is the top Home Phone Number. You can use the same email address that you used to create the account, or an alternate one. If you wish to receive text messages, enter your cell phone number and carrier. That number can be the same as the Home Phone Number entered above, or different. Click Continue when you are finished entering data.

5. If your fair set up custom fields/questions for you to answer, those will be step 4 on the progress bar at the top. Answer any questions and click Continue.
6. Review your exhibitor information. If any information is incorrect, click the green Edit button in the appropriate group to change it. When all information is correct, click Continue to Entries.

Creating Entries - Each exhibitor can have multiple entries. One entry must be made for each item, animal, class, etc. For example, if an exhibitor is bringing 2 photographs, two entries into the photography class must be created. If an exhibitor is showing one horse in 5 events, five class entries must be created. Once all entries have been created for the first exhibitor, you have the choice of creating another exhibitor in this family (and entries) or proceeding to check-out (submitting the entries, whether or not fees are charged).

1. Click Add an Entry beside the correct exhibitor (if more than one has been created).
2. Click Select beside the first department you wish to enter. Any departments that are not available for entry will be noted as "Not Available" with a short explanation.
3. After you select a department, you will see a list of divisions to select from, and then a list of available classes. *Also notice that there are blue "Change" links in case you mistakenly select an incorrect department, division, or class.*
4. After you have selected the class, click the green Continue button.
5. If this is an **animal class entry**, you may be required to specify which animal will be exhibited in this class; that may be optional; or you may NOT be able to specify the animal at entry time. If you are able to do that, you will see the option to "Add an animal".
6. Fill in all of the fields with information about the animal you intend to exhibit. Click Create and Add Animal when finished.
7. If the animal information was entered incorrectly, you have the option to either Remove From Entry (creating a new animal) or Edit Animal Details. When it's correct, click Continue.
8. Any questions related to entry in this class will be next. Click Continue after answering those questions.
9. The Review screen allows you to double check this entry for accuracy, and make any changes necessary. When the information is correct, click Continue and that class entry is complete.
10. When each class entry is complete, you have 3 choices for what to do next:
 - a. If all class entries have been completed for one exhibitor, you can **Register another Exhibitor** in this family.
 - b. If this exhibitor has more class entries to make, you can **Add another Entry for this Exhibitor**.
 - c. If all entries for all exhibitors in the family have been completed, **Continue to Payment** to finalize and submit your entries.
11. Review your entries for completeness and accuracy. *Notice the Summary and Detail buttons at the top of the list on the right.* If there are errors, click on the green Entries section at the top of the page. Click Continue when all information is correct.
12. Read the payment instructions and select your method of payment. You may either mail a check or pay with a credit card. **NOTE: Even if you owe no money (no fees are charged) you must click Continue to the last "Confirm" step to submit your entries.**
13. Read the information in the "After you Submit" section. You will have to check a box to "Agree to Terms". Click Submit to finalize the entries for the exhibitors in this family. **After you click Submit, no changes are possible to these entries.**

Step Two: Get Your Entries Ready

1. Be sure to check the premium book for specific requirements (size, method, number, packaging, etc.) for your entry and adhere to these requirements.
2. Animal exhibitors should read health regulations carefully. Animal health papers must be presented before you may unload your animals at the fair.
3. All exhibitors of animals in purebred lot numbers must show registration papers as requested.
4. If you discover an error or need to make a change on your entry form, you must contact the Superintendent of Entries by the change deadline (**July 7 of the current exhibit year**).
5. Make sure you have all the equipment and supplies needed for your exhibit.
6. Junior Division exhibitors need to check the judging schedule so that you know which day your exhibits will be judged face-to-face and plan accordingly.
7. All exhibits regardless of judging date must be in place by 7 p.m. on Wednesday of current exhibit year.

Step Three: Bring Your Entries to the Fair

1. **Do not bring exhibits prior to 1 pm on Wednesday of current exhibit year. Fair officials are not responsible for exhibits brought in earlier than that time. All exhibits must be brought to the appropriate building or conference judging area on Wednesday of current exhibit year between 1 pm and 7 pm. The following are exceptions to this requirement:**
 - a. Junior, Open and Senior citizen flowers and house plants (Dept. 15J, 15 and 150) must be in place by 6 pm on Wednesday of current exhibit year.
 - b. Dairy and llamas must be unloaded and stalled by noon on Thursday of current exhibit year. These animals may be brought in on Wednesday if desired.
 - c. Hogs must be unloaded and in pens by 6 pm on Wednesday of current exhibit year.
2. Report to the Superintendent of Entries in the Administrative Building to pick up your exhibit tags and for directions to the appropriate exhibit building.
3. Check tags for errors. Only the Superintendent of Entries may alter tags and judges sheets.
4. You will receive a wristband with your entry tags. This wristband is your season pass and must be worn for entry into the fair park on subsequent days. **Exhibitors who cannot wear the wristband because of health issues or work/employment regulations must obtain an alternative pass from the Fair Secretary.**
5. Wristbands must be placed on the exhibitor's wrist securely.
6. Junior exhibitors need to check the judging schedule to assure they are present for face-to-face and/or conference judging of exhibits.
7. Exhibitors submitting entries and then not exhibiting or attending the fair shall forfeit all stall and cage fees as well as the cost of the exhibitor gate admission ticket. Exhibitors attending the fair may still pick up their exhibitor season pass.

Step Four: Exhibiting and Judging

1. Attach your exhibit tag to your entry and save the bottom portion (claim ticket) for use on the final fair day to pick up your exhibit.
2. Bring the exhibit to the designated exhibit building.
3. Open and Senior Citizen Division exhibitors do not need to be present for judging. Exhibits must be in place by 7 pm on Wednesday of current exhibit year. Open and Senior class flower entries must be in by 6 pm.
4. Junior Division Exhibitors—all of your exhibits must be in place by 7 pm on Wednesday of current exhibit year even if you must return on another day for face-to-face judging.
5. Report to the judging area with your exhibit on the day and time designated for face-to-face judging. You will be directed on what to do with your exhibit after judging is completed.
6. Animals must be in the show ring promptly after being called. Any exhibitor failing to comply will be excluded from competing. No one, except exhibitors of animals, judges, and fair officials will be allowed inside a show ring during the exhibition.
7. No pets or other animals are allowed at the fair park unless they are part of an exhibit or are a service animal.
8. Exhibits are to be entered in the name of the owner. Junior division exhibitors may enter and show managerial animals provided a managerial agreement between the owner and exhibitor has been approved and discussed.
9. No selling of animals (except quality meat animals) allowed until after 4:30 pm on Sunday of current exhibit year.
10. **All exhibits must remain at the fair park until 4:30 pm on Sunday of current exhibit year. Any exhibitor removing exhibits prior to this time will forfeit premiums. The only exception is if a fair official or the veterinarian orders/allows animals to be removed for health or safety reasons.**
11. **You must care for your exhibit during the fair. Failure to feed and water animals and to maintain clean pens/stalls may result in forfeiture of all premiums.**
12. Premiums checks will be distributed in October or November. Please cash them promptly. In the event State Aid for premiums is not received, reduced premiums may be paid to exhibitors.

Overnight Barn Passes

Overnight barn permits will be limited. Youth interested in staying in the barns must register with their leader or advisor prior to the fair. Animal numbers will be utilized in determining the number of youth awarded overnight barn passes. Any changes during the fair must be approved by the Extension Office. Barn permits are issued by the Extension Office and must be picked up by the exhibitor prior to **5:00 pm of the day that the permit is to be used. No open class exhibitors can stay in the barns overnight.**

Judges and Types of Judging

Judges will be selected from outside Polk County as is feasible. Every effort will be made to engage the most qualified judges.

Open and Senior Citizen Divisions:

Regular judging and placing is followed for these divisions. This procedure is one first place, one second place, one third place and one fourth place regardless of the number of entries in each lot number. Judges are not required to award a placing(s) if none of the exhibits warrant the placing.

Junior Division:

Face-to-face judging procedure is used in many departments as this is an educational focused fair. The exhibitor brings the exhibit to the judge; the judge discusses the exhibit with the exhibitor; and then the judge places the exhibit in the appropriate award group according to or comparing it to a standard of perfection or the ideal.

The Danish judging system is used for all other junior exhibits. This is described in detail in ATCP 160.92(3) (a). The awards for each placing are based on the number of entries in the lot. Judges may award more blue or red ribbons than allowed but the premiums must be paid according to the Danish system. In lots with only one exhibitor, judges are not required to award a placing if the exhibit does not warrant the placing.

Judges are instructed in cases of attempted interference on the part of exhibitors or members of their families with the judges' deliberations and decisions, to exclude parties so offending from competition in the particular lot number.

All protests against awards made must be in writing and signed by the party deeming him/herself aggrieved. A protest must be delivered to the Fair Secretary within 2 days after the award was made. A protest shall include specifications of charges and/or grounds of complaint and the name(s), address (es), and phone numbers(s) of witness (es). The Fair Secretary shall present the protest to the Board of Directors for review, discussion and decision.

Supervision and Liability

(1) General.

- (a) The state aid authorized by s. 93.23 (1), Stats., may be paid on net premiums paid by a fair. State aid will be paid only on premiums actually paid by bank check or draft.
- (b) No deductions may be made from premium money won by an exhibitor. Premiums may, however, be withheld where exhibition rules established by the fair association are violated. A written statement of violation shall be submitted to the department to justify actions taken by a fair.
- (c) Premiums offered shall be definite in amount. No decrease or increase in published premiums may be made because of the financial condition or the organization or for any other reason.
- (e) No fair may receive state aid for a premium awarded to any exhibitor in the open division if that exhibitor entered the same exhibit in the junior division at the same fair. This paragraph does not apply if the exhibit was entered in the junior division only as part of a herd group, carcass class or performance class.
- (f) No state aid will be paid on the cost of ribbons, cups, trophy prizes or entertainment contests.

(2) Premium lists.

(4) Split fair dates.

- (a) For purposes of this subsection, "split fair dates" occur when a fair organization judges exhibits or contests and pays premiums at more than one time or at more than one location during the calendar year.
- (b) Except as provided under par. (c), the department may not pay state aid for a fair having split dates unless the department gives advance written approval for a split fair. The department may approve split dates based on hardship.

Animals may be denied entry if they arrive at these events with contagious or infectious diseases, isolated and/or removed if they develop disease after arriving, or be subject to other action as would be necessary to control disease. (Ref. s. ATCP 10.08(1), Wis. Admin. - Negative individual TB tests within 60 days before entering Wisconsin^c
- A statement indicating the animals will return directly to the state of origin after the show^d.

Information on obtaining an import permit:

Requirements are subject to change as conditions warrant. For current information, check

https://datcp.wi.gov/Pages/Programs_Services/CattleBison.aspx.

Swine

Note: *These regulations apply to all swine, including pet pigs and racing pigs.*

Note: *Herd of origin means the herd in which the pigs currently reside, likely the exhibitor's herd. When pigs are purchased from a herd, the herd from which they originate is the herd of origin for the seller. Once the purchased pigs are added into the buyer's herd (even if the buyer's herd only consists of one or just a few animals), the buyer's herd becomes the new herd of origin and that herd must meet testing requirements to move pigs again.*

FROM WITHIN WISCONSIN (Ref. s. ATCP 10.32(2) and 10.87, Wis. Admin. Code) need a Wisconsin intrastate certificate of veterinary inspection (CVI or health certificate)^a:

- Stating that the entire herd of origin on the farm was inspected within 30 days before the show and no apparent disease was present at the time of inspection^d.
- **Non-terminal Exhibitions:** All swine must have a PRRS (Porcine Reproductive and Respiratory Syndrome) and PEDv (Porcine Epidemic Diarrhea virus) test of the herd of origin within 90 days of the end of the exhibition^c. Include test date, type, and results on the CVI.
- **Terminal Exhibitions:** No testing requirements.^c

Note: *Terminal Exhibitions are those at which all the swine go directly from the fair/show to the slaughtering establishment OR to a slaughter only market sale. Shows or exhibitions are either terminal or non-terminal. If all of the pigs at the event are not going directly to slaughter (including through a slaughter only market sale), it is considered a non-terminal exhibition. For non-terminal exhibitions, all the pigs at the show or exhibition will need to be tested prior to the event even if individual animals will go directly to slaughter. If going to a slaughter only market sale, contact the Division of Animal Health fair inspector for required information to collect.*

Note: *If the fair intends to use a load-out facility, contact the Division of Animal Health in advance to discuss requirements that must be met.*

FROM OUTSIDE WISCONSIN (Ref. s. ATCP 10.30 and 10.87, Wis. Admin. Code) need a certificate of veterinary inspection (CVI or health certificate)^a that includes the following:

- The negative results of the PRRS test^c from the swine's herd of origin conducted within 90 days prior to movement into Wisconsin including test date, type, and results.
- The negative results of the PEDv test^c from the swine's herd of origin conducted within 90 days prior to movement into Wisconsin including test date, type, and results.
- A statement that the veterinarian has inspected the entire herd of origin within the past 30 days and that no clinical signs of PRRS and PEDv or any other apparent disease was present at the time of inspection.^d
- Official individual identification (ID)^b

Acceptable methods of ID for swine are^b:

- USDA silver ear tag
- USDA 840 ear tag, either visual or RFID
- Breed association tattoo if the pig is a purebred and the tattoo is registered
- An ear tag with the premises identification number and a unique identifier
- Ear notch if the pig is a purebred and the notch is registered

Microchips are not accepted as official ID for any swine including pet pigs.

Requirements are subject to change as conditions warrant. For current information and for PRRS and PEDv testing options, check

https://datcp.wi.gov/Pages/Programs_Services/SwineMovement.aspx.

Sheep and goats

Note: *These rules do not apply to non-domestic sheep and goats. See Exotic Ruminants below.*

- Sheep and goats that go to a slaughter establishment after the fair should have an owner hauler statement to move from the fair to the slaughter establishment.

Sheep and goats FROM OUTSIDE WISCONSIN (Ref. s.ATCP 10.69, 10.76, Wis. Admin. Code) need:

- Certificate of veterinary inspection (CVI or health certificate)^a and official individual ID^b for all animals.
- See below for Official ID options.
- See below for additional requirements for goats from Michigan's Tuberculosis Modified Accredited Zone.
- Sheep and goats that go to a slaughter establishment after the fair should have an owner hauler statement to move from the fair to the slaughter establishment.

Official Identification^b includes:

- Scrapie eartags (including tags on neckstraps for animals with absent/injured ears or with official tattoos – see DATCP Website*)
- USDA 840 ear tags
- Legible breed tattoos (see DATCP Website* and NOTE below)
- Legible scrapie tattoos (see DATCP Website* and NOTE below)
- Approved microchips (Electronic Implantable Identification/EID) – There are many requirements that need to be met to use microchips including a requirement for accompanying tattoos. See DATCP Website* and NOTE below.
- **NOTE:** *All sheep and goats **that go through a market or to slaughter** and require Official Identification **must be eartagged** with Official ID. Official ID in the form of a tattoo or Electronic Implantable Identification (EID) is no longer sufficient when moving through a market or going to slaughter.*
- **NOTE:** *If a Wisconsin origin animal is neutered, less than 12 months of age, and moving through a market after the fair, the market may require Official ID in the form of an ear tag.*
- *For more information on official identification and for owner hauler statements see DATCP Website at https://datcp.wi.gov/Pages/Programs_Services/OfficialID.aspx

Goats from Michigan's Tuberculosis (TB) Modified Accredited Zone –Alcona, Alpena, Montmorency, Oscoda counties- also need:

WEIGH-IN: Please see the Polk County Fair Society website at <http://www.polkcountyfair.com>; or the Extension website at <http://polk.extension.wisc.edu>; or the "Clover Connection" for dates, times, and locations.

To qualify to sell in the Quality Meats Auction, exhibitors must participate in a sale species' showmanship class.

A market lamb may be a wether or an ewe. An ewe market lamb cannot be exhibited in a previous breed lot number except as part of a group lot number.

An exhibitor can enter no more than 3 market lambs.

All market lambs must be slick shorn.

All market animal paperwork must be submitted to the Quality Meats Office by 6:00 p.m. on Wednesday of the current exhibit year. The animal to be sold must be selected after judging is completed on Friday of current exhibit year. Report this selection to the Sheep Committee Chair.

Enter only one lot per lamb. After the weigh-in process is completed, each market lamb will be assigned to the appropriate lot number as listed below. Lambs weighing less than 110 pounds will be assigned to the feeder lamb lot. Exhibitors may show only one lamb per lot with the exception of the heavy weight lot.

The exhibitor of the highest average daily gain lamb will be awarded a champion ribbon. Market lambs from both Sale and Non-sale lots will compete for this award. Only lambs that have a starting weight from the spring weigh-in will be eligible for this ribbon. No quality meats animals housed outside of sheep barn.

DEPARTMENT 7J - POULTRY**

Poultry Show is Friday of current exhibit year @ 9:00 a.m.

The Poultry Show will kick off with a mandatory meeting at the Poultry Barn on Friday of current exhibit year at 8:30 a.m. Judging will begin at 9:00 a.m.

It is suggested exhibitors lock cages, except on judging day. Exhibitors must provide own metal, plastic or glass water and feed containers. Please attach your containers to the cage or be sure they are non-tippable. **NO PAPER CONTAINERS, PLEASE.** Health papers are to be turned into the barn superintendent before birds are placed in cages. There should be **NO supplies left in the walkway.**

Poultry and waterfowl from within Wisconsin need:

- An NPIP certificate stating that the birds originate from a US Pullorum-typhoid clean or NPIP affiliate flock and turkeys must test negative for *Mycoplasma gallisepticum*, or
- A DATCP-issued certificate stating they are from a Wisconsin Tested or Associate Flock and turkeys must test negative for *Mycoplasma gallisepticum*,
Or
- Individually test sexually mature birds within 90 days before arrival at the show. These birds also need wing or leg band ID. All birds must test negative for pullorum-typhoid, and turkeys must test negative for *Mycoplasma gallisepticum*.

Poultry and waterfowl from outside Wisconsin need a certificate of veterinary inspection of equivalent (such as form VS 9-3) that states:

- They originate from a flock classified Pullorum-typhoid clean under NPIP or an equivalent state program and turkeys must test negative for *Mycoplasma gallisepticum*, or
- If they are sexually mature, that they have tested negative for Pullorum-typhoid (and *Mycoplasma gallisepticum* for turkeys) within 90 days before arrival at the show. These birds also need wing or leg band ID

Not required:

- Import permit number

Requirements are subject to change as conditions warrant. For current information, check https://datcp.wi.gov/Pages/Programs_Services/PoultryMovement.aspx.

Please watch for updates on Facebook - Polk County Fair Official 4-H Poultry and Clover Connection. The Poultry Committee will not provide testing for turkeys. You will need to make other arrangements. Please be aware that poultry need to be at least 4 months of age to test, except for turkeys which need to be 6 months or older.

Absolutely no changes to entry can be made after the Change Date that the Superintendent of Entries sets. You may drop a class. You may also show in a lot that you aren't signed up for, but it will be for ribbon only.

We will be having an Individual Cage Decorating Contest! Cages will be judged Thursday evening. Winner to be announced at the Poultry Show.

Old Male/Cock, hatched prior to January 1 of current year.
Old Female/Hen, hatched prior to January 1 of current year.
Young Male/Cockeral hatched after January 1 of current year.
Young Female/Pullet hatched after January 1 of current year.

Exhibitor must bring bird(s) to judge for judging. **Enter only one bird per lot number.** No premiums will be allowed if exhibitor does not comply. Check with superintendent to see when your birds will be judged. Provide adequate water, feed, and bedding for birds at all times. This is not the superintendent's responsibility. Exhibitor's area to be cleaned before leaving on Sunday or premiums will be held.

PLEASE MAKE SURE YOUR BIRDS DON'T HAVE LICE. We reserve the right to disqualify your birds if found with lice and/or nits. If found, you will be required to immediately treat them.

JUNIOR DIVISION DEPARTMENT 24J - MECHANICAL PROJECTS

Face-to-Face Judging on Friday

CLASS A: AEROSPACE SECTION

BUILDING MODELS

Examples of kits that can be used, AMA Cub, Thermal Dart, Delta Dart, Pigeon, Flip. All rocket models must have individually attached fins, Estes Model Rocket Kits and/or Quest Model Rocket Kits are used in this section. Each model entered must be identified with the name of the exhibitor and the year built (permanent). Airplanes and rockets should have a stand, when displayed at the fair, to prevent breakage, and to make better use of display area.

All models under aerospace categories must be displayed at the Polk County Fair to receive premiums, unless excused by 4-H Agent Lindsay Spindler. **All lot numbers must be entered on fair entry form to be eligible for premiums.** Showmanship models do not have to be the ones flown at contest. Premiums are identical for all aerospace lot numbers. For questions, contact Lindsay Spindler, 4-H Youth Development Agent, at 485-8607.

For model rocket launching, each exhibitor will be allowed 2 launches for each lot number. The best launch will determine ribbon placing and premiums.

I. FLIGHT PERFORMANCE CATEGORY

To get ribbons and premiums in lot numbers 1-17 and 23-28, flying and launching sessions will be held at Polk County Fair Park pre-fair. **Fly-off and Championship fly-off dates this year is:** Saturday July 12th @ 2pm. You must register to fly. If you have questions, contact Matt Babcock 612-308-8885. Rain/Weather date will be Sunday July 13th at 2:00 pm.

To qualify for the championship model airplane and model rocket fly-off in lots 1-17 you must fly three categories: hand launch, catapult launch, and rubber powered. Lots 23-28 must fly two categories: target accuracy and parachute duration, an exhibitor must have attended one of the first two sessions and earned at least one blue ribbon in any of the model airplane or model rocket lot numbers from 1-17 and 23-28.

Lot numbers 1-17 - are for flying model airplanes. Judging will be according to time in air (duration) after a model is released from the exhibitor's hand or from a tow line - (free flight only). At least one attempt must be made to qualify for a ribbon and premiums in each lot number. NOTE: The same glider can be used in both hand launch and catapult flying. Also a rubber powered model can be used in both hand launch and R.O. G. (Rise off Ground). Equipped with a landing gear, (gear can be removed for the hand launch flights). Wingspan is wing tip to wing tip. Ready to fly models are not allowed. A green ribbon will be awarded for times that are double the requirement for a blue ribbon.

Lot numbers 23-27 - are for model rocket launching for accuracy. Judging is based on the following: Safety - 25 points; Construction, 25 points; Launching, 25 points; Recovery deployment, 25 points; and Launch accuracy, 100 points. One point will be subtracted from 100 for each foot a rocket lands away from either the launch pad or the outer edge of a randomly placed target bull's eye, (10 foot radius). Best 1 of 2 launches. All target rocket to deploy at last 10 feet above the ground, determined by the judge.

Scoring for Ribbons:

Blue – 150-200 points; Red 100 – 149 points; White – 50 – 99 points; Pink – less than 50 points. A green ribbon will be awarded for a bull's eye.

At the championship session:

Model airplane flyers will be allowed two attempts to accomplish their best single time in each of three categories: hand launch gliders, catapult gliders and a rubber powered model of their choosing. Their best total time in the three categories will determine their placing for champion.

Model rocket launchers will only be allowed one official launch in each of the two categories: target accuracy and parachute duration. The combined points of the two categories will determine their placing for champion. A first year and advanced champion will be crowned in both model aero plane flying and model rocket launching. For questions concerning the sessions, contact Matt Babcock, 612-308-8885.

Showmanship:

Points are based on you and your projects appearance, and your knowledge of the project.

Explorers:

Explorers look under Exploring Section to see which lots you can enter. Explorers when entering lot 1, hand launch, then showmanship 20 - lot 9, rubber power, then showmanship 21 - lot 23, rocket then showmanship 29.

First Year Exhibitor: May take only lots 1, 5, 7 and showmanship categories that apply.

2 cups flour
2 teaspoons baking powder
1/2 teaspoon salt
2 tablespoons sugar
1 cup milk
1/4 cup melted butter
1 egg, beaten

Combine flour, baking powder, salt and sugar in medium bowl. Mix well. In a large measuring cup, measure milk. Add butter. Add egg and beat with a fork. Add to dry ingredients. Stir only until well moistened. Spoon dough into the greased muffin tins, filling two-thirds full. Bake at 400 degrees for 20 to 25 minutes. Serve hot with butter. This recipe makes 12 muffins.

| 1/3 cup butter or margarine, softened | 1/2 teaspoon soda |
| 1/2 cup granulated sugar | 1/2 teaspoon salt |
| 1/2 cup brown sugar (packed) | 1 package (6 ounces) semi-sweet chocolate pieces |
| 1 egg | |
| 1 teaspoon vanilla | |

Pre-heat your oven to 375 degrees. In a large bowl, cream together shortening, butter, sugars, egg and vanilla. Stir in flour, soda and salt. Mix in chocolate chips. Drop by teaspoonfuls 2 inches apart onto ungreased baking sheet. Bake about 8-10 minutes or until light brown.

5. Cookies, Peanut Butter
- | | |
|---------------------|--------------------|
| 1 cup peanut butter | 1 teaspoon vanilla |
| 1 cup shortening | 2-1/2 cups flour |
| 1 cup brown sugar | 1 teaspoon soda |
| 1 cup white sugar | 1 teaspoon salt |
| 2 eggs | |

Preheat oven to 350 degrees. Mix shortening, sugars, peanut butter and eggs. Add vanilla; mix. Add sifted dry ingredients and mix well. Roll about a tablespoon of dough into a ball and press down with a fork. Bake at 350 degrees for 12-15 minutes.

6. Cookies, Spritz
- | | |
|-------------------|--|
| 1 cup soft butter | 1 teaspoon flavoring (almond or vanilla) |
| 2/3 cup sugar | 2 1/2 cups flour |
| 3 egg yolks | |

Pre-heat your oven to 400 degrees. Mix butter, sugar, egg yolks and flavoring thoroughly. Measure and work in flour. Using one-fourth at a time, force dough through cookie press onto ungreased baking sheet in desired shapes. Bake 7 to 10 minutes, or until set but not brown. This recipe makes about 6 dozen cookies.

7. Cookies, Sugar
- | | |
|---------------------------|----------------------------|
| 1 cup butter or margarine | 4 1/4 cups flour |
| 1 cup cooking oil | 1 teaspoon salt |
| 1 cup white sugar | 1 teaspoon soda |
| 1 cup powdered sugar | 1 teaspoon cream of tartar |
| 2 eggs | |
| 1 teaspoon vanilla | |

Preheat oven to 350 degrees. Beat first four ingredients very well with an electric mixer. Add one egg at a time and beat well after each. Add flour and other ingredients. Mix well. Make balls the size of a walnut and roll in white sugar. Press lightly on cookie sheet with glass dipped in sugar. Bake for 8 to 10 minutes or until edges are slightly brown.

8. Brownies, Unfrosted
- | | |
|--------------------|----------------------|
| 1 cup shortening | 1 1/2 cups flour |
| 2 cups sugar | 10 tablespoons cocoa |
| 4 eggs | 1 teaspoon salt |
| 1 teaspoon vanilla | |

Brownies, Unfrosted (cont'd)

Preheat oven to 350 degrees. Cream shortening & sugar together. Add unbeaten eggs & mix well. Add the vanilla, sifted flour, cocoa, & salt. Spread in a well-greased 9"x13" pan & bake for 30 minutes. Cool & cut into squares.

9. Baking Powder Biscuits, Rolled

2 cups flour
3 teaspoons baking powder
1 teaspoon salt
1/4 cup shortening
3/4 cup milk

Preheat oven to 400 degrees. Measure flour and mix dry ingredients well in bowl. Cut in shortening with pastry blender until mixture looks like "meal". Stir in almost all the milk. If dough does not seem pliable, add enough to make a soft, puffy dough easy to roll out. (Too much milk makes dough sticky, not enough makes biscuits dry.) Round up on lightly floured cloth-covered board. Knead lightly 20 to 25 times. Handle lightly. Roll dough or pat out (with floured hands) to about 1/2" thick. Cut close together with floured biscuit cutter. Fit leftover bits together. Do not re-knead. Pat out dough, roll smooth and cut as desired. Place close together for biscuits with soft sides, an inch apart for biscuits with crusty sides, on ungreased baking sheet. Place in middle of oven. Bake 10 to 12 minutes. Serve hot. This recipe makes 20 1 3/4" biscuits (1" high).

10. Cake, Angel Food

1 cup cake flour	3/4 cup sugar (granulated)
3/4 cup plus 2 tablespoons sugar (granulated)	1 1/2 teaspoons vanilla
1 1/2 cups egg whites (12)	1/2 teaspoon almond flavoring
1 1/2 teaspoons cream of tartar	
1/4 teaspoon salt	

Heat oven to 375 degrees. Have ready a tube pan, 10"x4", but do not grease. Measure flour by dip-level-pour method or by sifting. Stir flour and first amount of sugar together to blend. Measure egg whites, cream of tartar and salt into large bowl. Beat until foamy. Gradually add second amount of sugar, 2 tablespoons at a time. Continue beating until meringue holds stiff peaks. Fold in flavorings. Sprinkle flour-sugar mixture over meringue. Fold in gently, just until the flour-sugar mixture disappears. Push batter into ungreased 10-inch tube pan. Gently cut through batter. Bake 30 to 35 minutes. Invert on a funnel. Let stand until cool.

11. Cake, Sponge

1 1/2 cups sifted cake flour	2 teaspoons vanilla
1 teaspoon baking powder	1 teaspoon lemon flavoring
1/2 teaspoon salt	1 teaspoon grated lemon rind, if desired
6 egg yolks (about 1/2 cup)	6 egg whites (3/4 cup)
1 1/2 cups sugar (granulated)	1/2 teaspoon cream of tartar
1/3 cup cold water	

Heat oven to 325 degrees. Sift, flour, baking powder, and salt together; set aside. Beat egg yolks in a small mixer bowl until very thick and lemon-colored. Pour beaten yolks into large bowl and beat in sugar gradually. Beat dry ingredients in alternately (slowly, on low speed) with water, flavorings, and rind. In large bowl, beat egg whites and cream of tartar until stiff. Gradually and gently fold egg yolk mixture into beaten whites. Pour into ungreased tube pan, 10" x 4". Bake 60-65 minutes or until top springs back when lightly touched. Turn pan upside down with tube over neck of funnel or bottle. Cool. Remove from pan.

12. Cake, Quick Coffee Cake with Streusel Topping

Sift together:

2 cups sifted flour
1 cup sugar
3 teaspoons baking powder
1 teaspoon salt

Streusel Topping

2 tablespoons hard butter or margarine

1/4 cup brown sugar

1 teaspoon cinnamon

2 tablespoons flour

13. Bread, Banana

1/2 cup shortening

1 cup brown sugar

2 eggs

2 bananas (mashed), 1 1/4 cups

2 cups sifted flour

1 teaspoon baking soda

1/2 teaspoon salt

Cream shortening: add sugar gradually and cream well. Add eggs, one at a time. Add mashed bananas, and sifted dry ingredients. Pour into greased, 5 3/4" x 3 x 2 1/2" bread pans. Bake 45-50 minutes at 350 degrees.

NOTE: Use ripe bananas for best results.

14. Bread, Pumpkin

1 3/4 cups flour

1 teaspoon soda

1/4 teaspoon salt

1/2 teaspoon cinnamon

1/4 teaspoon baking powder

1/2 teaspoon nutmeg

1/2 teaspoon cloves

1/2 teaspoon allspice

1/3 cup water

1 cup pumpkin (cooked and sieved or canned)

1 1/2 cups sugar

1/2 cup oil

2 eggs

Beat eggs, oil, and sugar; stir in water and pumpkin. Sift together dry ingredients separately. Stir into pumpkin mixture until thoroughly mixed. Pour into greased bread (large) pans. Bake at 350 degrees for 60-70 minutes. Makes one large loaf (9x5x3) or 3 small loaves (5 3/4x3x2 1/2). Bake small loaves 45-50 minutes.

15. Bread, Zucchini

3 teaspoons vanilla

3 eggs

1 cup oil

1 teaspoon salt

1 teaspoon soda

1 teaspoon baking powder

3 teaspoons cinnamon

3 cups flour

1 cup sugar

2 cups grated zucchini

Beat eggs, oil, and sugar until thick and foamy. Stir in vanilla and zucchini. Combine dry ingredients in another bowl. Stir into zucchini mixture until well blended. Pour into 1 9x5x3 loaf pan or three 5 3/4 x 3 x 2 1/2 inch pans that have been greased. Bake at 350 degrees for about 1 hour. Cool 10 minutes before turning out.

16. Dinner Rolls, Yeast, Any shape - Sweet Roll Dough

1/4 cup warm water (not hot - 100 to 115 degrees)

1 package active dry yeast

3/4 cup lukewarm milk*

1/4 cup sugar

1 teaspoon salt

1 egg

1/4 cup soft shortening

3 1/2 to 3 3/4 cups flour

Dinner Rolls, Yeast, Any shape - Sweet Roll Dough (cont'd)

*Scald milk, then cool to lukewarm to destroy enzymes which make dough sticky and hard to handle.

In bowl, dissolve yeast in water. Add milk, sugar, egg, salt, shortening, and half of flour to yeast. Mix with spoon until smooth. Add enough remaining flour to handle easily. Turn onto lightly floured board; knead until smooth (5 minutes). Round up in greased bowl, bring greased side up. Cover with cloth. Let rise in warm place (85 degrees) until double, about 1 1/2 hours. (If kitchen is cool, place dough on a rack over a bowl of hot water and cover completely with a towel). Punch down; let rise again until almost double, about 30 minutes. Shape, let rise and bake as directed in specific recipes.

Old Fashioned Dinner Rolls

Form dough into balls 1/3 size desired. Place close together in a greased round pan.

Cloverleaf Rolls

Form bits of dough into balls about 1" in diameter. Place 3 balls in each greased muffin cup.

Crescents (Butter horns)

Roll dough about 1/4" thick into a 12" circle. Spread with soft butter. Cut into 16 pie-shaped pieces. Beginning at rounded edge roll up. Place on pan, point underneath.

Picnic Buns

Roll dough into a 7 1/2" square, 1/2" thick. Cut into 9 buns, each 2 1/2" square. Place on greased sheet. Let rise until double. Bake 12 to 15 minutes.

Twists

Twist strip of dough into a figure 8, but give strip additional twist just before placing it on sheet.

Knots

Twist and tie each strip into a knot. Press ends down on greased sheet.

17. Cinnamon Rolls

Use Sweet Roll dough recipe. After dough rises, roll the dough into an oblong, 15"x 9" rectangle. Spread with 2 tablespoons softened butter and sprinkle with 1/2 cup sugar and 2 teaspoons cinnamon. Roll the dough up tightly, beginning at wide side. Seal well by pinching edges of roll together. Even up roll by stretching slightly.

Cut roll into 1" slices. Place in greased 13"x 9" pan or 18 greased muffin cups. Cover and let rise until double, 35 to 40 minutes. Heat oven to 375 degrees. Bake 25 to 30 minutes. Makes 1 1/2 dozen.

18. Single Pastry Shell, 2 variations - 8 or 9 inch one crust pie

1 cup flour
1/2 teaspoon salt
1/3 cup plus 1 tablespoon hydrogenated shortening
2 tablespoons water

Measure and mix flour and salt in bowl. Cut in shortening with pastry blender until particles are size of peas. Sprinkle with water, 1 tablespoon at a time, mixing with fork, until flour is moistened. Gather dough together with fingers so it cleans bowl. Press into ball. Turn out on lightly floured cloth-covered board. Prepare rolling pin by covering with stockinet. Flour rubbed into covered board and stockinet keep dough from sticking, yet is not taken up by dough. Flatten with hand, roll out not quite 1/8" thick.

Single Pastry Shell (cont'd)

Roll lightly, being careful not to add extra flour as that makes pastry tough. Keep rounding edge of pastry. If it begins to break, pinch broken edges together immediately. Keep pastry circular and roll about 1" larger around than the inverted pie pan. Fold pastry in half. Carefully, transfer to pie pan. Unfold and ease pastry loosely into pan, being careful not to stretch. Stretching causes pastry to shrink during baking. Trim pastry with scissors 1/2" from edge of pan. Fold pastry under, even with pan. Form a fluted edge by firmly placing the right index finger on the inside of rim, left thumb and index finger on outside of pastry at that point. Pinch. Repeat all around pie. Sharpen points by pinching each one firmly. Hook points under pan rim to help prevent shrinking during baking. Prick pie shell. Bake at 475 degrees 8 to 10 minutes. Cool. Fill with cream or chiffon-type filling or other refrigerated fillings. Finish according to recipe.

18. Single Pastry Shell, 2 variations (Easy Flaky Pie Crust)
 3 cups flour
 1 ½ cups shortening
 ½ teaspoon salt
 5 tablespoons cool water
 1 tablespoon vinegar
 1 egg

Preheat oven to 425 degrees. Combine flour, shortening and salt, mix well. In another bowl, mix together water, vinegar and egg. Combine mixtures and mix lightly with fork. Roll out and put in pie pan. Bake at 425 degrees for 10-12 minutes.

NOTE: This can be rolled out several times and still comes out tender and flaky. Yield: 4 single pie crusts or 2 double.

DEPARTMENT 7 - POULTRY**

The Poultry Show will kick off with a mandatory meeting on Friday of current exhibit year at the Poultry Barn, at 8:30 a.m. Judging will begin at 9:00 a.m.

Rules Governing Exhibits

Entries must be made in name of actual owner.

Please watch for updates on Facebook - Polk County Fair Official 4-H Poultry and Clover Connection. The Poultry Committee will not provide testing for turkeys. You will need to make other arrangements. Please be aware that poultry need to be at least 4 months of age to test, except for turkeys which need to be 6 months or older.

Absolutely no changes to entry can be made after the change date that the Superintendent of Entries sets. You may drop a class. You may also show in a lot that you aren't signed up for, but it will be for ribbon only.

We will be having an Individual Cage Decorating Contest! Cages will be judged Thursday evening. Winner to be announced at the Poultry Show.

Poultry and waterfowl from within Wisconsin need:

- An NPIP certificate stating that the birds originate from a US Pullorum-typhoid clean or NPIP affiliate flock and turkeys must test negative for *Mycoplasma gallisepticum*, or
- A DATCP-issued certificate stating they are from a Wisconsin Tested or Associate Flock and turkeys must test negative for *Mycoplasma gallisepticum*,
Or
- Individually test sexually mature birds within 90 days before arrival at the show. These birds also need wing or leg band ID. All birds must test negative for pullorum-typhoid, and turkeys must test negative for *Mycoplasma gallisepticum*.

Poultry and waterfowl from outside Wisconsin need a certificate of veterinary inspection of equivalent (such as form VS 9-3) that states:

- They originate from a flock classified Pullorum-typhoid clean under NPIP or an equivalent state program and turkeys must test negative for *Mycoplasma gallisepticum*, or
- If they are sexually mature, that they have tested negative for Pullorum-typhoid (and *Mycoplasma gallisepticum* for turkeys) within 90 days before arrival at the show. These birds also need wing or leg band ID

Not required:

- Import permit number

Requirements are subject to change as conditions warrant. For current information, check https://datcp.wi.gov/Pages/Programs_Services/PoultryMovement.aspx.

Proper precaution will be taken to guard against accident or loss, but in no case will the Fair Society be responsible for loss or accident from any cause whatsoever. It is suggested exhibitors padlock cages except on judging day.

The State Department of Agriculture, or the fair or show management, reserves the right to have an approved veterinarian examine all fowl, and to exclude any fowl at any time for cause. Any exhibit excluded will be returned to the owner, or slaughtered, at the option of the attending veterinarian, or the State Department of Agriculture. If slaughtered, any return from the sale of the birds will be remitted directly to the owner.

All fowl exhibited may be subject to quarantine and slaughtered if any infectious or contagious disease is discovered among any of the fowl in the exhibit.

Exhibitors must provide their own metal, plastic or glass water and feed containers. Please attach your containers to the cage or be sure they are non-tippable.

AWARDS

All awards will be made by comparison to the American Standard of Perfection. No exhibit will be given a prize unless worthy of same.

PLEASE MAKE SURE YOUR BIRDS DON'T HAVE LICE. We reserve the right to disqualify your birds if found with lice and/or nits. If found, you will be required to immediately treat them.

Cockerels, pullets, young males and young females are defined as birds hatched in current year. Exhibitors and visitors will positively be prohibited from handling birds other than their own without the consent of the owners. Cage rental is \$1.00 per cage.

**OPEN DIVISION
DEPARTMENT 8 - RABBITS**

ATTENTION- ENTRY DAY

All rabbit exhibitors must present their rabbit to the rabbit barn superintendent or designated representative prior to placing their rabbit in a cage. If the number of entries exceeds the number of cages that are available, preference will be given to junior exhibitors. Rabbits should be tattooed for identification purposes by judging day.

Only rabbits meeting requirements of the bred as in the Rabbit Standards of Perfection book may be shown in lot numbers 1-206. A rabbit can only be shown once. During the rabbit show, anyone who has a scheduling conflict with showing their rabbit (except for the Showmanship class), please contact the Rabbit Barn Superintendent, and then arrange to have someone else show for you. Make sure this person has a card with your entry number on it. Make sure your substitute knows which cage the rabbit to be shown is in.

Exhibitors are to furnish own glass or metal feed and water containers. **NO PAPER CONTAINERS.** Proper dishes will be available to purchase. IF you have improper dishes, the superintendent will ask you to replace them. **No supplies are to be left in the walkway or under cages.** Places to be used for storage will be limited and labeled. Any fans used on cages **MUST** be battery-operated. No cords will be allowed due to space and safety concerns. All shavings must be properly disposed of - no dumping of shavings, water, or other materials on the floor of the rabbit barn or directly outside of building. Only rabbits for exhibition will be allowed. **NO SELLING** of rabbit until after 4:30 pm on Sunday of the exhibit year.

Senior Bucks and Does are 8 months of age or older.
Intermediate Bucks and Does are 6-8 months of age.
Junior Bucks and Does are over 8 weeks and under 6 months of age.

Please do not bring doe rabbits with litters. This is not safe or healthy.

American Rabbit Breeders Association (ARBA) Book of Standards will be used for breed. Breeds must meet requirements.

POLK COUNTY FAIR BARN QUILT CONTEST

You'd be forgiven if you thought a barn quilt was a type of fabric quilt that you drape over a stall door, or maybe over yourself as you milked the cows.

But no — a barn quilt is actually a large piece of painted wood that looks like a single quilt block and decorates the side of a barn.

Your creativity is sought out to create a show stopping square to enter in our Barn Quilt Contest! At the end of the fair, your square can be donated to the Polk County Fair to be displayed on a building.

Contest Rules:

1. The finished square should be 2 feet by 2 feet.
2. Entry must be family friendly.
3. Individual or team group can enter.
4. All entries must be brought to the open class table between 1:00 – 7:00 pm on Wednesday the 24th.

Quilt Blocks will be judged. Contact Judy Bainbridge at 715-553- 0801 or judybainbridgefarm@gmail.com for more information.

Prizes: 1st place, \$100.00 - 2nd place, \$75.00 -
3rd place, \$50.00

LITTLE BRITCHES

Sunday of Current Exhibit Year – 9 am - Show Barn

Purpose –To allow children an opportunity to get involved in the Fair by **showing livestock** in a non- competitive, positive experience.

Who Shows - Children ages 5-9, who have worked with the animal prior to the Fair.

How Is It Set Up?

- Children need to have a parent/guardian or older youth in the ring when the child and animal are in the ring.
- The animal needs to be shown with a halter (rope or leather); adult may assist.
- The animals are the youngest class of animals allowed in the species:
- Beef and dairy cattle – junior calf; sheep – young lamb; goats – kid (youngest class)
- The animals will be brought the day of the show and taken home the same day. There will be a designated area for the Little Britches animals on Sunday morning. Animals may be used from youth exhibitors already showing at the Fair and they are housed with their 4-H/FFA chapter.
- The “judge” has the child and animal circle in the ring (child has the option of posing the animal or not) and then the judge will ask each exhibitor questions related to the animal.
- Each child is given a participation ribbon from the Polk County Fair Society and a coupon for a root beer float from the Polk Burnett Dairy Producers. Each child will pick up their name tag, to be placed on their front side - so judges can call them by name when they check in. The youth will bring their animal into the ring, the judge will speak to them, Fairest of the Fair royalty will give them their ribbon and root beer coupon, then they will be asked to stand in front of the Little Britches backdrop to get their picture taken. The Polk County Agriculture Advocates will then take their photo and have it printed and back in the barn by 1pm for families to pick up. Photos are posted on the Little Britches photo backdrop.
- All animals must have a permanent ID tag upon entering the fairgrounds and be in good health according to the fair book health guidelines for the species. All animals must have the required tags prior to the show - as designated by species in the health requirements.
